

### **Christian Religious Education (CRE)**

CRE is an approved program teaching about the Christian faith on a weekly basis (for ½ hour each class) in Victorian State Schools.

**We are currently looking for another CRE teacher to help cover the number of classes at this growing school.**

If this is something you would be interested in, or if you know someone who currently teaches CRE at another school and might be able to join our team as well, we would love to hear from you.

All Training and teaching material is provided.

Please leave your details at the School office if you would like to enquire more about the program and we will contact you asap.

## What's happening in our nation...??

We need people who are concerned about what's happening within this nation...

- Freedom of speech is under threat;
- Pressure to have Extreme discrimination laws put in place is underway;
- Constant pressure to allow Same Sex Marriage which will have a huge negative impact on the family unit as we know it now;
- A constant push for 'diversity' actually encourages young people into homosexuality by making it sound 'normal' rather than encouraging them to fight against early thoughts of same sex attractions that they might be dealing with in their teenage minds;
- The Christian culture in this nation is under threat – 'Christmas' to be known as the 'holiday season'... no singing Christmas carols because it may offend other nationalities...when entering banks other religions can wear full head/face garments, but we MUST remove bike helmets,... no crucifix jewellery permitted in schools with strict jewellery policies, but muslim students can still wear their full religious attire. What's happening??
- Political madness is rampant;
- Abortion rates are outrageous because women are not given accurate information about the health/emotional risks; It's constantly being encouraged as acceptable which makes it available like a contraceptive method. A MCG full of babies (100,000) were aborted in Australia in 2011.
- **ONLY in Victoria**, abortions can take place up to 40 weeks...yes the day before giving birth! Over 200 cases in Victoria last year of full term abortions. I'm sorry, but why are we allowing the killing of innocent little babies? Like it or not, abortion is another word for killing. At 4 weeks or 40 weeks it IS a life.
- Muslims aren't having abortions...they're multiplying dramatically!
- Employed medical staff (including nurses) can be charged for breaching the law if they refuse to conduct/assist with an abortion;
- Sex education in schools now talks openly and explicitly about the many different ways of having sex with the same or opposite gender....and at any age that suits because 'they know best!'

'Australian Christians' is a political party that is trying to infiltrate the federal government. It is not affiliated with any religious movement. We have a variety of candidates and supporters, including 'muslim born' people (who are now Catholic/Christians) standing up and fighting against the infiltration of the Islamic culture. They don't want it in this great nation...which is

why they left countries like Egypt in the first place!

We need to get people into the political realm in this nation that will stand up/speak up for what should be 'the majority' but unfortunately the minority are having their say way too loudly.

You don't have to be a Christian to share the views above. I know many non-Christians who are alarmed and frustrated about what's going on.

Get informed....get involved....speak up!

I refuse to believe the lie that you can't make a difference, because the truth is we CAN!
